

2020-21 School Access Route Plan

Bonneville Elementary School

In accordance with state standards, Bonneville Elementary has identified school access routes for Bonneville Elementary students who live within the walk boundary established for the school. A map showing the identified routes can be viewed [here](#):

The intent of a School Access Plan is NOT to identify every school access route or to identify the more convenient school access routes; it is to identify main walk/bike routes that students can use to get to school. Care has been taken to consult with local law enforcement, school PTA and School Community Council representatives, and the District's traffic safety committee in establishing school access routes. Despite broad consultation and agreement from all participating parties, no one, including the Alpine School District and Bonneville Elementary, can guarantee that the agreed upon access routes are or will ever be completely free from hazards.

Parents are encouraged to review and then walk the access routes with their child/children, to address specific concerns they may have, and to instruct their child/children to obey the laws and rules pertaining to pedestrian safety. If a parent feels their child/children should use an access route that IS NOT identified in this plan, it is their prerogative to instruct their child/children differently.

As previously stated, the intent of a School Access Route Plan is NOT to identify every school access route or to identify the more convenient school access routes. For this plan, school access routes have been identified and are described below.

School Access Route Descriptions:

1. Homes to the northwest of the school should take safe feeder routes to 800 West and head south until they reach the school.
2. Homes to the northeast of the school should take safe feeder routes to 800 West and head south until they reach the crossing guard at 800 West and Crest Drive. Once 800 West is safely crossed, continue south to the school.
3. Homes straight east of the school have multiple options.
 - a. They can take safe feeder routes to 800 West and head south until they reach the crossing guard at the intersection of 800 West and 1200 North.

- b. They can take safe feeder routes to 800 West and head north to the crossing guard at 800 West and Crest Drive. Once 800 West is safely crossed, continue south to the school.
 - c. They can take safe feeder routes to 1200 North and head west to the crossing guard at 800 West and 1200 North.
4. Homes west of the school should take safe feeder routes to 1200 North and proceed east to the school.
5. Homes to the southwest of the school have two options:
 - a. They can take safe feeder routes to 1200 North and proceed east to the crossing guard at 800 West and 1200 North.
 - b. They can take safe feeder routes to 800 West and proceed north to the crossing guard at 800 West and 1200 North.
6. Home to the southeast of the school have two options:
 - a. They can take safe feeder routes to 1200 North and proceed west to the crossing guard at 800 West and 1200 North.
 - b. They can take safe feeder routes to 800 West and proceed north to the crossing guard at 800 West and 1200 North.

Bonneville Elementary School's Safe Walking Routes have been reviewed and approved by the following entities April 2020:
